How *Australia* cleans

SMART TEXTILES

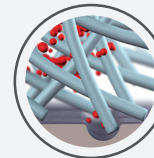

Ultimate 3D Infinite

Made of 100% recycled materials to reduce carbon footprint (1.24 kg CO₂ / 100 uses).

Removes 99.999% of bacteria using only water for a disinfectant quality clean.

Features ultra-thin velvet knitted fibres. Absorbs and retains particles through mechanical action.

Ultimate patented technology. Effortless gliding whilst maximizing the microfibre in contact with the floor.

Finished with ultrasonic cutting. Independently tested.

RESISTANT TO BLEACH

HOOK AND LOOP SURFACE
to be used with
25216001 hook pad

LIGHTWEIGHT CONSTRUCTION
For economical laundering & reduced overall cost in use
