HOW AUSTRALIANS HAVE CLEANED FOR 130 YEARS!

In 1892, Mr W.E. Hay started the South Australian Brush Company with a simple vision - to provide quality cleaning tools, to help Australians clean.

As we embark on our 130th year, we celebrate the many Australian homes and businesses that SABCO has been a part of over the journey. Whether cleaning the home, workplace, office or public facilities, Sabco has been how Australians clean since 1892 and we look forward to doing so for the next 100 years!

Commercial cleaning is important work and whilst the job at hand may vary and require different cleaning solutions, there is one thing we can all agree on – that a good clean matters! Sabco Professional is dedicated to providing the highest quality, leading edge cleaning products. We are passionate about cleaning and our team of industry experts are here to provide superior results and practical solutions that are tailored to your needs.

Sabco is for every Australian cleaner!

No matter what you need to clean – the South Australian Brush Company always was and still is, made for all of us.

OUR BRANDS

How Australia cleans

The household cleaning brand Australians know and trust. Dedicated to developing innovative high quality cleaning products with outstanding performance.

Professional cleaning

Specialises in heavy duty commercial products and solutions to meet all industry requirements. Made to the highest quality specifications for long life and superior performance.

Exclusive Distribution

PULEX™

Smart solutions for every job

Recognised for a unique combination of value and performance. Innovative purpose specific products for regular cleaning tasks.

Premium car care

Premium automotive products to complement the famous Turtle Wax cleaning, polishing and waxing product range. Made from Premium microfibre and other unique materials to deliver unbeatable results in the safest way possible.

The Perfect Finish, Made Simple!

The Oakwood Complete Care System includes a comprehensive range of equine, home, automotive, leather and pet care systems that address specific care stages to ensure that you prolong the life and natural beauty of your investments.

Colour Coded Cleaning System

Colour coding is an essential part of professional cleaning. Assigning specific colours to different areas helps to protect health, improve efficiency and deliver consistently high standards.

Blue - General Areas

For general cleaning of all non-food and non-bathroom areas such as offices, corridors, lobbies and common spaces.

Red - Bathroom

For toilets, urinals, basins and bathroom surfaces. Helps prevent the spread of germs from high risk areas.

Green - Kitchen

For food preparation areas, benches and kitchen surfaces. Supports food safety and reduces the risk of food contamination.

Yellow - Infectious Cleaning & Theatres

For use in high risk areas such as isolation rooms, theatres and clinical spaces. Helps minimise the spread of infection in critical environments.

Best practice made simple.

Using the right colour in the right area is a simple step that delivers a big impact on cleanliness, safety and trust.

TRADITIONAL MOP RANGE

- PREMIUM MICROFIBRE MOPS
- TEXTILE BLEND MOPS
- COTTON & POLYCOTTON MOPS

TRADITIONAL MOP RANGE

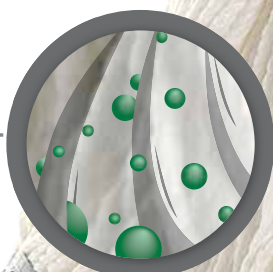

PREMIUM MICROFIBRE MOPS

SUITABLE FOR USE WITH
Sabco Aluminium 25mm Universal
handle range

100% MICROFIBRE

Microfibre is constructed of a blend of polyester and polyamide and is safe to use on even the most delicate surfaces. Polyester serves as the scrubbing and cleaning fibre. Polyamide performs as the holding and quick drying fibre

BANDED
To prevent tangling when
used in wringer buckets

LOOPED ENDS

To provide larger surface coverage
and prevent fraying

WEIGHT: 0.77kg

- Features flagged ends to collect even the finest dirt & dust particles for a thorough sweep.
- Soft bristles afford greater control

BROOMS & BRUSHES

**NEW &
IMPROVED**

COMMERCIAL-GRADE CONSTRUCTION

High-quality plastic delivers reliable durability for demanding professional cleaning environments

HANDLE HOOK

Locks broom and pan together for storage

LIGHTWEIGHT DESIGN

Aluminium light poles reduce operator fatigue during long and extended cleaning periods

COLOUR CODABLE

Plastic colour clips help identify designated cleaning areas and minimise cross-contamination risks

INTEGRATED BROOM-CLEANING CLAWS

Exclusive claws remove trapped dirt, dust and debris directly from broom bristles to keep them ready for every sweep

DESIGNED FOR PROFESSIONAL USE

Practical, durable and lightweight solution for efficient everyday commercial floor cleaning

EXTRA-WIDE PAN OPENING AND SWEEPING SURFACE

Increased opening and broom width captures more debris, making sweeping faster and more efficient

COLOUR CODED LOBBY PAN SET

A person wearing a dark blue uniform and blue gloves is cleaning a stainless steel kitchen counter. They are using a yellow and green sponge to scrub the surface, which is covered in white cleaning foam. In the background, there are stacks of metal pots and pans on a shelf, and a sink area with various kitchen items. A large green rectangular box is overlaid on the right side of the image, containing white text.

The background of the page is a light blue surface covered with numerous small, realistic water droplets of varying sizes. Two window cleaning tools are prominently featured. In the upper left, a portion of a tool with a red and black handle and a stainless steel head is visible. In the lower right, another tool with a similar handle and a stainless steel head is shown, angled towards the bottom left. The green box containing the title and list is positioned in the upper right quadrant.
